B. Highlander K-8 STEM School Update

Melanie Horton updated the Board on the Highlander site. ECRCHS's K-8 Charter petition for the Highlander site was on the Agenda for a vote at LAUSD's Board

meeting on the previous day. Hale Middle School teachers presented a proposal for a 6th - 14th grade Performing Arts program for the Highlander site. There was a lot of enthusiasm for the project but a concern is why the project is tied to the Highlander site when ECRCHS was selected by the LAUSD Board as a first proposer for the Highlander site and there were other sites around the valley, the Platt Ranch site or on Hale Middle School's existing campus that were suggested in the original document for a performing arts program. The LAUSD Board voted to authorize up to \$500,000. for Board member Scott Schmerelson to proceed with due diligence on the Highlander site (doing what ECR has been doing for the past 1 1/2 years) including engaging in community outreach, assessing the condition of the Highlander property and reporting back to the LAUSD Board with his findings. A big concern of several of the Board members is that LAUSD doesn't have the money to fund the project since the buildings at Highlander will have to be torn down and rebuilt and Monica Ratliff voiced her concern on the lack of transparency by Mr. Schmerelson on the new proposal for Highlander. Three Board members voted in favor of ECRCHS's proposal, Monica Ratliff, Monica Garcia and Ref Rodriguez, and four Board members voted against ECRCHS and for Hale's proposal, George McKenna, Scott Schmerelson, Steve Zimmer and Richard Vladovic.

The ERP is being updated and will hopefully be fully implemented by Spring Break.

He explained how ECRCHS works to operate efficiently and keep costs down by hiring consultants for specialty work, and maintain a good working culture.
